## About me

Kia ora, I'm Tiff! I'm a graduate full-stack software developer with an education background. I bring a wealth of skills from my teaching experience, particularly my ability to empathize, communicate, plan, and work in a team.

I'm familiar with responsive web design and proficient in full-stack technologies such as HTML5, CSS3, Tailwind, React, JavaScript, TypeScript, C#, .NET, PostgreSQL, NodeJS, ExpressJS, as well as REST APIs, unit testing, and GitHub. Additionally, I have experience in AWS Cloud computing services, including EC2, Cognito, RDS, and Amplify. I possess a strong dedication to continuous learning and improvement. One of my biggest strengths is having a keen eye for identifying pain points and crafting effective solutions.

## Experience

Nov 2023 - Recent

### *Software Developer Intern*

JC&T Tech

- Developing both front-end and back-end for an expense tracker application using React, Tailwind, C# and .NET framework.
- Utilising AWS Cognito SDKs to establish authentication APIs and implementing AWS RDS with PostgreSQL to build cloud databases.

Jun 2023 - Oct 2023

### *Full-stack Software Developer*

Dev Academy Aotearoa · Apprenticeship

- This was a 15-week, 800-hour full immersion software development bootcamp that mimics the real-world Agile development team with multiple projects that focus on both web development and people skills.
- Tech stack includes **HTML5, CSS3, Tailwind, JavaScript, TypeScript, React, Knex, SQLite3, Node.js, Express.js, RESTful APIs, Unit Testing, and GitHub.**
- In my final project, *Tiff's Donuts*, I acted as the Product Owner with five other team members where we developed a web application using threeJS and React. I had the opportunity to take the lead in introducing and implementing **React Three Fiber**, a technology not covered in our bootcamp. This experience showcased our collaborative problem-solving and our ability to adapt and learn on the fly.

Aug 2022- Jun 2023

### *Freelance Web Designer*

Freelance

- Provided logo design and UI/UX design for several volunteer-driven side projects including web interface design and Webflow building. Feel free to check my design wonderland: <https://www.tiffwang.co.nz/>.
- Demonstrated proficiency in Adobe Creative Suites, prototyping and design thinking skills.

Nov 2021- Jun 2023

## ***Centre Administrator***

Tots on Triton Childcare

- Demonstrated excellent customer service and communication skills.
- Streamlined administrative workflow, resulting in a 30% reduction in task time and significant productivity and cost savings.
- Contributed in promoting the centre by utilised my design skills to create flyers and banner that were displayed in Asian supermarkets.
- Served as the go-to tech support for teachers encountering issues with their computers and printers.

Nov 2019- Nov 2021

## ***Career Break and Parental Leave***

Multiple Ventures

- I had my pregnancy and parental leave while exploring the possibilities of career change including studying and completing a Graduate Diploma of Professional Accounting and Foundation Level Certified Tester from ASTQB.

Apr 2017- Nov 2019

## ***Head Teacher***

New Shoots Childcare Centre

- Took on a leadership role in guiding the team to deliver high-quality education and care for children.
- Facilitated collaborative discussions to develop tailored strategies that successfully transformed the classroom into the most calm and organised one.
- Designed an intuitive program planning board that effectively improved the consistency of centre program planning.

Feb 2013- Apr 2017

## ***Registered Teacher***

Evolve Education Group

- Engaged in close collaboration with a team of educators to ensure the best outcomes for children.
- Consistently recognised by colleagues and parents for my ability to identify children's needs, demonstrating strong observational and empathy skills.
